8 PAGES TODAY.

## HUNGARIAN BEING DETAINED IN JAIL

John Toten Arouses Suspicion of  
Union Township People and  
is Arrested

ENEMY ALIEN NOT REGISTERED

Case Will be Referred to U. S. Dis-  
trict Attorney—No Incrimin-  
ating Evidence

John Toten, a Hungarian who has never registered under the enemy alien act, is being held here after having been arrested last midnight near the Robert Cook farm in Union township because of his suspicious actions. He had been in that community for a few days and had aroused the suspicions of several people.

Toten is a native of Austria-Hungary, as he admitted at the jail this morning, but has never been registered. It was impossible for the authorities to register him here today because Postmaster Hunt, who is clothed with the power to register enemy aliens, has sent all of his supplies back to Washington since no enemy aliens were found in this county. The authorities will probably communicate with the United States district attorney, L. E. Shook, in Indianapolis to be advised what disposition to make of Toten's case.

The opinion of those who have talked with Toten is that he is not exactly right mentally. No incriminating evidence could be found against him. He had nothing on his person to arouse any suspicion. Hyman Schatz, local junk dealer, was taken to the jail to talk with Toten and it was his opinion that Toten was just a tramp whose mind was slightly unbalanced.

Toten was brought to the jail here shortly after midnight by Robert Cook and son Gifford and Irvin Vickery and son Floyd. He had been seen in Cook's barn and was recognized as the man who had been lurking about the neighborhood. When Gifford Cook returned home last night Toten was seen again and the four men gave chase and caught him along the road just as he was climbing a fence trying to escape.

The story being circulated that Toten had been seen throwing some sort of a powder in places where stock is fed could not be verified.

This rumor probably started from the fact that enemy aliens have been caught placing poison where live stock would get it. Andrew Anderson, a Dane, is under arrest at Newcastle for having scattered a yellow powder near stock pens on the farm of the Rev. Mr. Worth near Danreith. Anderson has nothing to show he is a naturalized American.

That there is another tramp hiding in the same vicinity where Toten was arrested, was the assertion of residents of the community today. Some who saw Toten last night, after he was arrested, declared he is not the same man they have seen.

## EXPECT BIG WHEAT ACREAGE IN 1918

Indianapolis, Ind., May 24.—County agents and leading farmers of the state met here today to make their preliminary arrangements for a huge acreage of wheat next autumn. Representatives of Purdue university, Indiana Grain Dealers' association, Indiana Miller's association, Indiana Bankers' association, and the Indiana Fertilizers' association also attended the meeting.

All pledged to co-operate with farmers toward increasing wheat acreage.

Last year the acreage was increased by 25 per cent and the new campaign is intended not only to hold this acreage but to procure further increases.

## TRANSFERRED TO ALABAMA

Chase Taylor Reports Back to Camp  
Taylor, Ky.

Chase Taylor one of Rush county's latest conscripts in training at Camp Taylor has been sent to a training camp in Alabama following several days during which he absented himself from the camp without leave.

He had been in training only a short time when he left camp but returned and reported to his company commander before the ten day limit, after which he would be counted as a deserter, had expired. He was sent immediately to a camp of conscripts in Alabama, according to information received from the Kentucky camp.

## AMERICA RACING WITH HINDENBURG

Premier Lloyd George Declares Ger-  
mans Strain Every Muscle to  
Reach Their Goal

BEFORE U. S. AID IS AVAILABLE

British Leader Says Allies Are  
Building Ships Faster Than  
U-Boats Can Sink Them

(By United Press.)

Edinburgh, Scotland, May 24.—The next few weeks will be a race between Hindenburg and Wilson, Premier Lloyd George declared in a speech today.

"The Germans are straining every muscle to reach their goal before America's help is available.

"The submarine is still a menace but is no longer a peril; it is still formidable for inflicting injury but it cannot cause the winning or the losing of the war."

The premier declared that the allies are building ships faster than the submarine can sink them and at the same time the allied navies are sinking submarines faster than Germany can build them. He said that an admiralty report showed that during April a record in destruction of submarines was established while in the same month the output of shipping exceeded losses for the first time since unrestricted submarine warfare began.

He said that America's entrance into the war has not yet equalized Russia's collapse.

"But on the eve of the great German attack, those best acquainted with the prospects are the most confident of the result," he declared.

"General Foch is one of the most brilliant strategists of the age. He is a man of wonderful energy, knowledge and experience, commanding the respect, admiration, confidence and affection of all allied soldiers."

"We tried repeatedly to achieve unity of command. It is now accomplished. It is really incredible that we were compelled to fight months every inch of the war for the unity which has added vitally to our fighting strength."

"This is no time to organize campaigns to harass the men who are in charge of the destinies of nations. There ought to be a truce in such campaigns at least until the offensive is over."

"I can say that the British government has neglected no possible means of ascertaining whether there is any honorable outlet from the war."

"We are dealing with ruthless Prussian despotism which is out for plunder. These latest treaties restrain Germany as little today as they did when Belgium was invaded."

Copenhagen, May 24.—Fishermen report that a German Zeppelin was brought down in the North Sea and that a British destroyer rescued the crew.

## SEASONED "VETS" TO BOOST W.S.S.

Experienced Salesmen Drafted  
From Liberty Bond and Red  
Cross Workers to Aid

100 PERCENT RESPONSE ASKED

Every Part of County War Organi-  
zation Expected to be Repre-  
sented at Saturday Meeting

Seasoned veterans of the Third Liberty Loan campaign and the Red Cross canvassers are to be drafted for the sale of Rush county's quota of War Savings Stamps in the period from May 27 to June 3.

John A. Tinsworth, county chairman of the War Savings committee is holding daily interviews with men and women who demonstrated their ability to sell Liberty bonds and plans an organization which will embrace the most energetic solicitors without any duplication in the selling plans. To make up the deficit now existing, the sale of War Savings stamps must fairly fly in every direction through the county and must be purchased by every man, woman and child.

A partial list of the "war partnership" has already been formed but at tomorrow's meeting which will be held at 1:30 in the sheriff's office in the court house, every phase of Rush county's war relief organization will be expected to be represented and pull together in a mighty effort to complete plans for a one hundred per cent response from the county.

T. M. Green, as county defense chairman, has notified every canvasser of the past campaigns to be present and to see that all of their assistants are also in line. In addition Postmaster G. P. Hunt, who is at the head of the distribution of stamps through the county, has communicated with Rush county postmasters and stated today that he expects a full attendance from that quarter.

The necessity of making tomorrow's meeting a success is plainly visible from the fact that it will be the last meeting before the opening of the campaign and if the meeting tomorrow falls down and the solicitors fail to appear for final instructions, the success of the campaign will be hindered.

## THROWN INTO DITCH WHEN HORSE RUNS OFF

Lacy Hendricks Suffers Slight In-  
juries When Animal Frightens  
at Cook's Automobile

FINDS HIS HORSE AT HOME

Lacy Hendricks' horse frightened last night near the Will McMillin farm in Union township at an automobile driven by Gifford Cook and upset the buggy in a ditch, slightly injuring Hendricks. Cook and his father, Robert Cook, and Irvin Vickery and son Floyd were bringing John Toten, the Hungarian arrested last night, to Rushville when the accident happened. They stopped when they saw what had happened and took Hendricks to the home of Mr. McMillin, who took him on to his home in Washington township in a machine.

Hendricks was thrown from the buggy against a barbed wire fence. His hand was cut and he was stunned by the fall. When the buggy struck the railroad crossing not far from the scene of the accident, after Hendricks had been thrown out, it was thrown back on its wheels again and the horse ran home without damaging it in the least, making six turns successfully. Hendricks and Mr. McMillin found the horse standing at the gate when they arrived.

## FUND IS EXPECTED TO SET NEW RECORD

Subscribers to Red Cross Will Pro-  
bably Total Between 4,000 and  
5,000 Persons

NO DEFINITE REPORTS YET

E. B. Thomas Informs Headquarters  
There Are Only 4 Registered  
Red Cross Nurses Here

While the total amount of the actual subscriptions received at the Rush county Red Cross headquarters has not been definitely decided, Red Cross officials are confident that the amount is one which will prove that the county's patriotism has been stirred to the bottom of its heart.

E. B. Thomas, as county chairman for the drive, has communicated with the township officials asking an immediate report on the number of subscribers in each township and the exact amount subscribed by each. The chairman stated today that he believes the number of responses in this campaign has outdone that in any former one of similar nature and expected the subscription list from the entire county to total between four and five thousand names.

Speaking of the remarkable results of the great drive which has not yet reached its height Charles E. Coffin, state war fund manager for Indiana said:

"It is simply great. The good old Hoosier state is stirred to the depth of her heart, and patriotic devotion breathes in every telegram. Appreciation of the great international work of mercy done by the American Red Cross is expressed in every donation."

"Although only from semi-official reports, I am sure Indiana went over the fourth day of the campaign, although the drive will continue until the last subscription from the last township has been recorded." The reports at the state headquarters indicate that fifty-three counties have reached their official quotas.

In response to the call for registered nurses, Mr. Thomas has written to the state headquarters stating that the county at present has only four registered nurses. The rules regulating the proposed campaign state that in counties where

## DECEASED WRITER WAS TO APPEAR HERE

Gap Has Been Left in Chautauqua  
Program by Death of Indiana's  
Country Contributor

WELL KNOWN IN THIS CITY

A gap has been left in the program of the Rush county chautauqua for the approaching summer by the death of Mrs. Juliet V. Strauss, the Country Contributor, which will not easily be filled. She was scheduled to appear on the program of August 10.

Chautauqua frequenters were looking forward to the appearance of Mrs. Strauss, who is one of Indiana's most prominent women, with a great amount of anticipation and the news of her death came as a shock to her numerous friends in this city.

Mrs. Claude Ott, who was a daughter to the deceased, formerly resided in this city and during that time Mrs. Strauss, whose home was in Rockville, visited here frequently where she made many friends. She was the wife of Isaac Strauss, editor of the Rockville Tribune and for a number of years had been prominent among the woman lecturers of the state.

## TAKES MAGNIFICENT PART

American Praised by Prince Arthur  
of England, Just Arrived

(By United Press.)

An Atlantic Port, May 24.—American troops are now taking a "magnificent part in the great battle on the western front," Prince Arthur of Connaught declared upon his arrival here today, enroute to Japan.

"One of the last things I did before leaving London," he said, "was to review with the king some of your troops passing through the streets of London and they certainly made a most magnificent appearance. I am glad to visit the states, especially now that you are with the allies, and in view of the magnificent part your troops are taking in the great battle now going on on the western front."

## MUTINY BREAKING OUT IN HUN RANKS

German Division at Divinsk Revolts  
When Ordered to West Front,  
Wireless Reports

1,000 AWAIT COURT MARTIAL

American Air Squadron is Co-Oper-  
ating in Defense of Paris, it is  
Officially Announced

(By United Press.)

London, May 24.—Bombardment of various British sectors and continued raiding operations were reported by Field Marshal Haig today.

Washington, May 24.—Mutiny has broken out among German soldiers in the east, according to state department messages today. The Russian wireless message dated May 19 said a German division at Divinsk on the 17th revolted when ordered to leave for the west front.

Sixteen soldiers were shot and more than 1,000 put in prison to await court martial. Others made demonstrations against the action of German commanders. The 56th infantry regiment at Wesenburg and other German regiments organized meetings to protest against the continuance of the war.

Paris, May 24.—An American air squadron is co-operating in the defense of Paris, it was officially announced today.

Of the 30 German airplanes which participated in the second raid on Paris Wednesday night, only one reached the city. It dropped several bombs, killing one person and injuring 1. Newspapers warn Germany that the British are beginning to carry out a carefully conceived air offensive and that France's turn will come soon.

Moscow, May 4.—Refusing the German ultimatum ordering them to disarm within 24 hours the second Polish army gave battle in the vicinity of Kieff, according to a dispatch from that city today. It is reported that 15,000 soldiers participated.

Paris, May 24.—Disturbances in Prague continue and are spreading to the provinces where the estates of German nobles have been pillaged, according to a dispatch from Zurich today.

Rome, May 24.—A British air squadron successfully bombed the Austrian submarine and seaplane base at Cattaro yesterday, setting fire to the piers and barracks, it was officially announced today.

Washington, May 24.—Thirty-four casualties listed by the war department today included four killed in action; ten dead of disease; nine of wounds, four of accident and seven wounded.

## PEOPLE AROUSED TO DUTY BY BELL

Crowd of Few Hundred Bid Farewell  
to Sixteen Selectives Leaving  
for Columbus Barracks

INCREMENT GOES TOMORROW

Two of Camp Taylor Quota Fail to  
Appear and Board Gets Alterna-  
tives This Afternoon

Being rung steadily for ten minutes this morning, beginning at four o'clock, the court house bell aroused many Rushville people from a sound slumber and was largely responsible for the crowd of a few hundred which was at the C. I. & W. station at 6:08 o'clock to see the sixteen selected men off for the Columbus Barracks, Ohio.

The crowd was demonstrative and farewells were said by relatives and friends of the selectives, all of whom reported before train time at the court house and marched to the station.

The same duty devolves on Rush county people tomorrow when ten selectives depart for Camp Taylor, Ky., at 7:10 o'clock over the Pennsylvania railroad. An even larger crowd is expected for this entrainment since the time is an hour later than this morning.

There was some doubt this morning about whether all of the Camp Taylor increment would report at one o'clock this afternoon. The board has never been able to get a response from Ernest B. Hall, who was last heard of at Atchison, Kansas. His address was general delivery and it was thought unnecessary to telegraph him because he probably would never be located.

There was also some doubt about Wilmer E. Hall, who registered in Rushville, and Alfred Phillips, who registered at Mays, appearing for the call.

Phillips showed up this afternoon, but both the Hall boys failed to appear. Phillips was at Wert, Ind., and it was by the rarest good fortune that the board happened to find him there. Wilmer Hall is in Montana and the board feared from the first that a notice could not be sent in time for him to reach Rushville.

The two alternates selected to fill out the quota are James Bercraft and Jud Clark, both of this city, and they will be the ones who will go in the morning instead of Wilmer and Ernest Hall.

Only 10 men will be sent from here in the morning but the county will get credit for eleven. Thomas A. Beckner, who registered here, is being sent to camp by a Kentucky board.

Jesse O. Kidwell, Glenwood. Thomas A. Beckner, Rushville. Alfred Phillips, Mays. Hugh V. Glone, Rushville. Frank E. English, Rushville. Oakley C. Sampson, Arlington. Wallace Hall, Homer. Herbert Woods, Rushville. Charles E. Duskey, Canthage. James Bercraft, Rushville. Judson A. Clark, Rushville.

## REAR WHEEL OF AN AUTOMOBILE TORN OFF

A rear wheel on the car owned by B. E. Green was torn off yesterday evening shortly after six o'clock at Main and First street when a machine which was being driven west in First street ran into the rear of the Green car which was headed north in Main street.

The back end of the car was badly damaged although the occupants of the car, Mr. Green and Charles H. of Circleville escaped without injury. The occupant of the other car, whose name was not learned, was not injured and the front of his car only slightly damaged.

Get Rid of That Sourness, Gas and  
Indigestion  
When your stomach is out of or-  
der or run down, your food doesn't  
digest. It ferments in your stomach  
and forms gas which causes sour-  
ness, heartburn, foul breath, pain at  
pit of stomach and many other mis-  
erable symptoms.  
Mi-o-na stomach tablets will give  
joyful relief in five minutes; if tak-  
en regularly for two weeks they  
will turn your flabby, sour, tired out  
stomach into a sweet, energetic,  
perfect working one.  
You can't be very strong and  
vigorous if your food only half di-  
gests. Your appetite will go and  
nausea, dizziness, biliousness, ner-  
vousness, sick headache and con-  
stipation will follow.  
Mi-o-na stomach tablets are  
small and easy to swallow and are  
guaranteed to banish indigestion and  
any or all of the above symptoms or  
money back. For sale by Johnson's  
Drug Store and all leading druggists.

**WAR CO-OPERATION**  
**TO BE THE KEYNOTE**  
This Will Be Uppermost in All Pro-  
grams at Epworth League Con-  
vention at Milroy  
**WILL BE JUNE 24, 25, AND 26**

**Thirty Leagues of the Connersville**  
**District Will Be Represented by**  
**Delegates**  
The co-operation of the Epworth  
League with war relief work will be  
the keynote of the program which  
will make up the annual convention  
of the Connersville Epworth League  
to be held in Milroy, the last week in  
June.  
The dates set for the convention  
are June 24, 25 and 26 and W. E.  
Wagoner, district superintendent of  
the league work is planning a pro-  
gram including various features  
which are expected to outdo similar  
conventions of past years. Thirty  
leagues have been formed in this  
district, each of which will send at  
least two delegates and as invita-  
tions have been issued to entire leagues,  
the attendance will doubtless  
be unusually large.

Alfred J. Hughes, president of  
Moore's Hill college at Evansville,  
will appear on the program as one  
of the feature speakers. The entire  
program has not been completed but  
Mr. Wagoner is making an effort to  
limit most of the programs to work-  
ers of the league. Besides Presi-  
dent Hughes prominent church men  
of the Connersville district will  
speak.

The members of the Epworth Le-  
ague in this city have been extremely  
active in war relief work during the  
winter and their patriotic programs  
which have been given at stated in-  
tervals have been among the notable  
events of the city's patriotic move-  
ment.

The district superintendent is  
planning to inject into the program  
a spirit of patriotism and interest in  
war relief work which will stand  
uppermost in the minds of every Ep-  
worth League president in the pro-  
gram of work which they will adopt  
during the coming league year.

At the cabinet meeting of the Ep-  
worth League of this city which was  
held Wednesday evening at the home  
of Miss Helen Scudder in West Sec-  
ond street arrangements were made  
to attend the district league con-  
vention.

The reports of the various com-  
mittees on the standing of the Rush-  
ville league were read and the possi-  
bility of its members winning the  
district banner was discussed. It  
was pointed out that the reports  
from the other twenty-nine leagues  
in the district show that the local  
league is the largest and as the  
work which has been done in every  
department during the year has been  
excellent, the chance for the district  
banner to be taken home by the  
Rushville delegates, is a good one.

The newly elected league officers  
took charge of the executive de-  
partment of the organization at the  
meeting and entertained the outgo-  
ing officers with a dinner party. The  
officers who will have charge of the  
league during the year are: presi-  
dent, Miss Frances Frazer; first  
vice-president, George Wilke, sec-  
ond vice-president, Mrs. George  
Hogsett; third vice-president, Miss  
Dorothy Mulno; fourth vice-presi-  
dent, Miss Helen Scudder; secre-  
tary, Ralph Plessinger and treasur-  
er, Oscar Eden. Charles Todd has  
been placed at the head of the liter-  
ary department and Mrs. Mert Wel-  
cott was elected chairman of the  
music committee.

**COAL CONSUMERS MUST**  
**BUY WINTER SUPPLY NOW**  
Consumers must buy their  
winter supply of coal during

**WHITTALL'S**  
**THE MARK OF QUALITY**  
**WHITTALL'S**  
When We Talk Whittall Rugs  
We want you to know what we are  
talking about. We always feel that we can  
talk pretty big when we get on this subject  
because we know, no matter how much we  
say, we cannot exaggerate their good quali-  
ties.  
1. The Whittall line of Rugs and Carpets is the finest  
made in America.  
2. Every rug and yard of carpet is made on honor and  
every rug and yard of carpet bears the trade mark  
"Whittall's" woven into its back—the trade mark is the  
proud guarantee of the manufacturer.  
3. The materials and workmanship that go with these  
rugs are unequalled.  
4. The dyes are tested in thirty days' direct sunlight  
and no dye that will not bear this test successfully is used  
in the manufacture of Whittall goods.  
5. Their reputation for beauty and splendid wearing  
qualities is world-wide.  
6. The line is large and contains just the rug you want  
in just the size and quality you want it and at the price  
you can afford.  
We show the largest stock of WHIT-  
TALL RUGS in this section of the country.  
We are anxious to add our personal guar-  
antee of excellence to that of the manufac-  
turer.

**Senreco**  
Mr. Robert Williams,  
Galesburg, Mo. December 27th, 1917.  
Dear Sir:  
You are right when you say in yours of Decem-  
ber 24th that Senreco is a remarkably good tooth paste  
and that it has a strong story to tell, but the diffi-  
culty lies in putting that story in such language as  
will convince the public.  
The Senreco story of a medicinal paste that  
not only cleanses the teeth but also keeps mouth and  
gums healthy, when put on paper does not sound very  
different from the story of just any ordinary dentifrice.  
For that reason we make every effort to get  
the people to try Senreco. After that Senreco tells  
its own story - and fully 90% of them are Senreco users  
and boosters from then on.  
There is a Senreco user in Pittsburgh who has  
introduced our product into the families of thirty-four  
of his friends. Enthusiasm? No, not entirely. Simply  
a case of Senreco making good. It is just as stated  
above. If they will try Senreco - if they once become  
acquainted with a real dentifrice - with what a denti-  
frice can and should be - they are Senreco boosters  
from that time on.  
Your druggist or toilet counters can supply  
you with Senreco. It comes in large, two ounce tubes  
and retails at 25¢.  
Why not get a tube to-day? Try it. We stand  
behind every package of Senreco with a money-back guar-  
antee.  
Very truly yours,  
**SENRECO,**  
CINCINNATI.

**MONUMENTS**  
A selection from our stock of Winsboro Millstone or Montello  
Granite Monuments, when lettered in a manner which befits their  
excellence in Exclusive design. Finest of Stock and Perfect  
Workmanship adds a lasting dignity to their appearance for all  
time to come.  
NO AGENTS. We depend on efficiency and reputation rather  
than agents. Then, too, we save you the agent's fee.

## TOMORROW

BRONCHO BILLY IN A GOOD COMEDY  
HOYT COMEDY AND A TWO REEL DRAMA

# DON'T LET WORMS KILL YOUR HOGS

## LOSSES FROM WORMS

Breeders and feeders of hogs, sheep, horses and cattle are familiar with most of the obstacles to be overcome in the breeding and feeding business, but as a matter of fact, there are fewer farmers and breeders who really know the extent of their losses from worms and indigestion in their hogs, sheep, horses and cattle than any other branch of the business.

If we were to tell you of the tons and tons of worms annually removed from the casings of hogs and sheep in the packing houses, you would hardly believe it but we can more than convince you if you will take a trip to the great packing houses and visit the department in which the casings are run and see for yourself these vast quantities of worms, you will then say "The half has not been told."

After you have seen this for yourself you will then realize as never before why it was that you lost so many young pigs; why it was your pigs and shoats did not do better and did not feed better; why you lost so many shoats or so many lambs, from what appeared to be some kind of disease (which was really worms) and why on other lots of shoats and lambs you did not get better gains and better profits from your grain, and you will see and understand as you never did before—why it is you need A REAL WORM EXPELLER AND CONDITIONER.

ACME WORM BOUNCER will expel the intestinal and stomach worms from your hogs, sheep, horses and cattle.

**Which Do You Prefer;  
A Quick Get-Away  
—Or a Sure Start?**

OF THE TWO, which do you prefer in a motor car?

YOU CAN HAVE ONE—but it is impossible to have both in the same car.

OF COURSE most makers claim to have both qualities in their motors—but proof is lacking.

EVER NOTICE how, on a very cold night, after the theatre or concert, every Reo starts on the touch of the starter-button, while others start only after long minutes of grinding—or exhaust their batteries and have to be hand-cranked or towed.

JUST WATCH THIS on a cold night when all makes of cars are engaged in an impromptu starting contest.

REOS ALWAYS WIN in that test—mainly because of the low compression Reo motors.

EXCESSIVE ACCELERATION is achieved by the adoption of high compression. Excessive power and speed too—beyond the needs or the desires of most owners.

BUT LOW UPKEEP—economy in operation and in maintenance over a long period of years—as found in Reos—is one of the results of adhering to the low compression principle.

55 POUNDS per square inch is the Reo rule—some engineers double that.

LONG LIFE of bearings is another Reo quality—due to the use of "over size" bearings and the lesser strains to which they are subjected in the low-compression Reo motor.

DOES IT MATTER whether you reach the next street corner a second or even three seconds later?

OR DO YOU PREFER a car that is certain to start—and save the time that way.

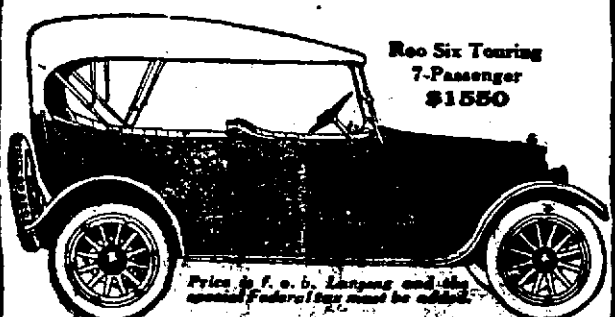

IT IS A FACT that in a race from a zero motor to the next street crossing, a Reo will win every time.

AND IN THE LONG RUN there's simply no comparison in the durability, the dependability and the general upkeep of Reos and the high-compression kind.

IN THAT REGARD—in those most desirable of all qualities, Reos know no rivals—no peers.

**What Difference Does it Make**

What difference does it make? Sooner or later this reiterated question threatens to discourage our efforts as loyal members of the Food Administration.

What difference does it make?

The words taunt us as we rise half an hour earlier to make corn bread for breakfast instead of having the toast we used to have. They hunt through our brains as we mechanically cut the fat off the morning's order of meat and save it to render for cooking and use in place of butter. They whisper insidiously in our ears as we take the time to look up the recipe of the meat substitute dish we saw in the paper and make it for dinner in place of meat. They mock us as we refuse the sugar for our coffee. Such a little—only a teaspoonful. What difference does it make?

Yes, these moments of doubt occur to all of us. But certainly they would occur less frequently if every woman in America could have been at the conference recently held in Washington, D. C., of the Home Economic Directors of the Food Administration in every state in the Union and in Alaska and Porto Rico as well.

A glorious army of women drawn together in a common cause these Home Economic Directors represented. Each has rallied the women of her state to the country's call to service. Preached in churches, taught in school, explained in lecture halls, and propagated by a house canvas, no pains have been spared to bring the gospel of food conservation to every woman's door step whether she lives in the little white cottage of a new England town, in the brown stone city house, or on the cattle ranch ninety miles from a railway. Even the women of Alaska have heard the call. Hampered by having only six home economics teachers that some states have had to send as food conservation missionaries from town to town to help encourage the housewife, the Alaskan women have, nevertheless, bravely pushed the odds against them and have accomplished miracles in food conservation. In the cold snows of winter they have traveled many miles to the nearest town, often making their journey on dog sleds in order to learn from an experienced teacher how they could best save wheat and meat, and be more economical in their use of fats and sugar.

Nor has the country's call to conserve food been unheard in Porto Rico. Hampered, as in Alaska, by the lack of skilled teachers in home economics to help the women over difficulties in the way of saving food, the women of Porto Rico are nevertheless loyal soldiers in Food Administration army. In nearly every kitchen on the island the Food Administration Home Card and insignia hang as proud proof of the willingness of these women to do their part.

Women of the North, Women of the South, Women of the East and of the West, Women of Alaska and of Porto Rico—Was there ever a

more glorious army of womanhood brought together in a common cause, than this army fighting to save food and so to save human lives?

And what difference does it make whether you do your share? Whether you save the cupful of wheat, the spoonful of fats, the pound of meat, the few ounces of sugar?

"My part is so little," you say. "What difference does it make?"

But how can food be saved in the aggregate without individual saving? And how can you expect your neighbor to save, if you, yourself are careless in doing your share?

Fall in step then, Women of America. No one is alone in this work of conserving food. You are marching shoulder to shoulder with the woman in Alaska, the woman in Porto Rico, the woman on the cattle ranges of the west, the woman in the big metropolis of the east.

**The Transportation Problem**

Everybody remembers how business houses shut down and families actually suffered for coal a few months ago. It wasn't that we didn't have the coal in plenty or that we were shipping too much coal out of the country—but it was on account of the railroad tie-up. Of course, the extreme weather added to the difficulties, but the prime and very evident reason was the shortage of cars. The Government had taken over the railroads, was using the cars for its own use, and they were, therefore, not available for the transportation of coal.

The farmer, a little later on, is liable to experience the same difficulty in moving his crops to the centers of distribution, unless he has forethought enough now to prepare for this emergency.

Groups of farmers should combine and consult the responsible parties "higher up" about transportation facilities, and should leave no stone unturned to get a definite expression, or a definite promise of cars, for what profiteth it the farmer if he raise a "bumper" crop and it spoils for want of means of transportation.

The farmer must plan now for his needs and it is none too soon to provide for moving of crops this fall.

While we are urging the farmers to raise hogs, it occurs to us the government might greatly facilitate matters of inaugurating uniform compulsory inoculation of all hogs, against cholera, this to be carried out through the department of agriculture. It is safe to say there is hardly a state in the union that does not lose a million hogs, old and young, every year through this scourge. Compulsory vaccination and inoculation has almost rid the human race of several heretofore dreaded diseases. It will do the same for the porkers. Just now any plan that will increase the meat supply is well worth practicing.

From "Polite Phraseology," by Herbert R. Hoover:—"Please pass the potatoes."

It would be easier to take Voornmezele and Poeperinghe than to pronounce them.

**THE BEST PROOF**

Given by a Rushville Citizen

Doan's Kidney Pills were used—they brought benefit.

The story was told to Rushville residents.

Time has strengthened the evidence.

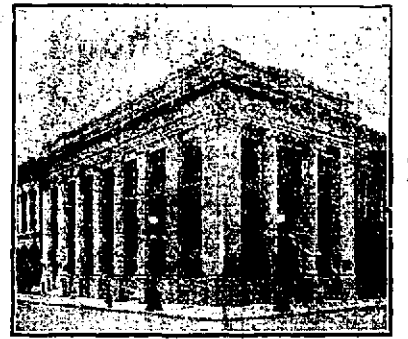

Has proven the result lasting. The testimony is home testimony. The proof convincing.

It can be investigated by Rushville residents.

E. L. Hinkle, 815 N. Jackson St., says: "Sharp pains in my back radiated to all parts of my body and I was hardly able to walk. I couldn't rest well, owing to my kidneys acting irregularly. I found no relief whatever until I began using Doan's Kidney Pills. Nine boxes of Doan's entirely cured me and made me feel like a different man. The terrible pains in my back left me and my kidneys again acted regularly."

MORE THAN FIVE YEARS LATER, Mr. Hinkle said: "The cure Doan's Kidney Pills made for me is still lasting. I never have anything more serious now than an occasional tired feeling across my back. A few doses of Doan's soon fixes that up."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hinkle had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(Adv.)

## Played Out Lawyer Looks Like New

All His Friends Pleased

For a long time he kept the secret of the wonderful change to restored health and recovery from nervous breakdown, but at last because of the help it might be to his friends he thought it only fair to tell them, and now they are all like him, have "come back" and feel like doing things.

He took Phosphated Iron and it took hold of him immediately, he says, he felt better "right off the reel" and you never saw a more thankful and pleased man, he cannot say enough in praise of Phosphated Iron. He says it seemed as if his whole system just craved the iron, it was absorbed so quickly, the color came back to his cheeks, his step had that old time boy swing and spring, while as for his nerves, the Phosphates got right to work, cleared up the cobwebs and befuddled brain, so he could think better and act quicker, his judgment was right again, he had decision that he lacked for years, no wonder he is a pleased booster of Phosphated Iron.

Mr. Professional Man or Woman, Mr. Office Man or Bill Clerk or Stenographer who is all in and feels that he is not sick and he is not well, but who knows he is not right, Phosphated Iron is just what you need, it will tide you over, put you right, you will feel "on the job" and work will be a pleasure.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules only, do not take pills or tablets. Insist on capsules, PITMAN & WILSON and leading druggists everywhere. Rushville, Ind.—(Adv.)

## JACKSON SCHOOL GIVES A PROGRAM

Entertainment Thursday Afternoon  
Precedes Examinations Marking Close of Year

### OTHER SCHOOL FESTIVITIES

Senior Class Day in High School  
Monday—Baccalaureate Sermon on Sunday Night

Although the members of the senior class of the local high school are holding the center of the stage in the final days of the school year which mark the close of their high school career, their lower classmen and even the students in the primary departments are taking part in the exercises which take place at the close of the school year.

Entertainments which contain a variety of novel affairs are being given in all of the buildings in which the students of the school as well as other talent furnish the program. Yesterday afternoon one of the interesting programs of the series was staged before the students and teachers of the Jackson school as their final entertainment before the examinations which will mark the last of the year.

The program was opened by a clever playlet which was given by the students of the first grade in costume. "Throw Me a Rose," a duet was sung by the Misses Maxine and Lucile Brown after which Miss Marguerite Kelly, high school students, sang "Sing Me to Sleep," and Miss Lavienna Compton, accompanied by the two girls sang a trio—"Mother Machree." The feature of the program, however, was the program of readings given by Miss Lavienna Compton in which she furnished great amusement for the guests with the reading "The Bridegroom's Toast."

A dialogue was given by several of the fifth grade students in which Louise Pitman, Frances Payne, Estelita Wolverton and Virginia Lucas took part, and the program was closed when the entire audience sang "America."

Today was the last school day for the members of the senior class. Their examinations have been taken and the grades distributed. As has been the custom in former years their farewell to the high school will be in the form of a Senior Class day which they will give in the auditorium of the Graham Annex next Monday afternoon.

Examinations among the other classes of the high school will be held Monday and Tuesday and in the grades during the latter part of the week. The cards, announcing the general averages of the students will be distributed Friday afternoon and the grand finale of the school year will be the commencement exercises which will be held Friday evening at eight o'clock in the auditorium of the Graham Annex.

The baccalaureate sermon will be preached to the graduating class Sunday night at the Main Street Christian church by the Rev. John T. Aikin of the United Presbyterian church.

## Does Home Work With Ease Now

Woman Says Tanlac Built up System  
So That She Feels Strong

"I wasn't sick enough to go to bed but I was so run down before I took Tanlac that I couldn't do much work and I was getting thin," said Mrs. George Graham, 745 Indiana Avenue, Indianapolis, Ind.

"My stomach was out of order. I didn't eat much and the little I did eat didn't taste right to me.

"I had headache often, too, and felt so bad that I just dragged around.

"I heard that Tanlac was good for people in my condition and so I tried it. Tanlac helped me right from the start. My stomach got better almost right away and I started eating more.

"Then I gained strength and the tired feeling went away. I'm so much stronger and better now that I can do all my work without any trouble."

If you are not feeling right get Tanlac today. Tanlac is an excellent strengthener and system tonic. It is especially beneficial after a cold or a grippel. You can get Tanlac at F. E. WOLCOTT'S Drug store or any good drug store.

### For Rheumatism

Try Tanlac Rheumatism Treatment for rheumatism. It relieves rheumatism by purifying the blood—the source of rheumatism. You can get it at any good drug store. (Adv.)

## FIFTY-SEVEN NATIONS ENGAGED IN BATTLE

Foreign Legion Which Retook Hangard  
Contains Representatives  
10 S. A. Countries

### DETAILS LEARNED LATELY

With the French Foreign Legion in the field, May 24.—Fifty-seven nations were represented in the foreign legion when it retook Hangard wood on March 21. This action with the simultaneous British attack in the left resulted in capturing Villers-Bretonneux and completely wiped out the progress the Germans made on their second drive against Amiens.

In this historic battle of all nations—the details of which only became known when the legion was replaced by American units and was withdrawn for repose—ten Central American countries were represented.

After the battle was over and the legion withdrawn every man insisted on remaining over night for the purpose of crawling out in the battlefield to recover the bodies of the dead. All of the bodies were found and taken away. As a result of this battle the legion which already has 6 citations is assured a 7th. No other French unit has ever attained such an honor.

## PERRIN IS EQUIPPED FOR OVERSEA SERVICE

Rushville Boy Is Awaiting Call for  
Training as Flier Either Here or  
Abroad

### IS NOW AT EBERTS, KANSAS

Chester Perrin, son of Mr. and Mrs. E. E. Perrin, who is in training at the camp near Eberts, Arkansas, has been entirely equipped for overseas service, according to a message received by his parents a few days ago.

Perrin has been in the service, attached to the aviation department for several months and is at present engaged as chief clerk in the supply department. He has been examined successfully for a flier and is awaiting a call for training in that corps either here or in foreign fields. Two other Rush county boys, Corporal Gordon Bennett of the medical corps and Private John Churchill of the motor mechanics are in training in the same camp.

year will be the commencement exercises which will be held Friday evening at eight o'clock in the auditorium of the Graham Annex.

The baccalaureate sermon will be preached to the graduating class Sunday night at the Main Street Christian church by the Rev. John T. Aikin of the United Presbyterian church.

## CAN SUPPLY A SMALL AMOUNT OF SEED CORN

Marion Detrick Has Some Available  
For Farmers Who Haven't  
Enough to Finish Planting

### SHOULD PLACE ORDERS NOW

Farmers in Rush county who have used all of their tested corn and still are in need of a small amount to complete their spring planting can be supplied by Marion Detrick, county demonstration agent.

The agent has secured an amount of excellent seed corn from the Purdue agency which has already been tested and is some of the most excellent corn for seeding purposes which has yet made its appearance in the county. Mr. Detrick will be able to supply farmers who desire an additional supply ranging from one-half a bushel to five bushels, but as the supply is becoming rapidly exhausted and it is doubtful as to whether he will be able to secure another shipment, orders must be placed with him immediately if planters expect to secure as much seed as they need.

### Notice of Administration.

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush County, State of Indiana, Executor of the estate of Susan Meta Smith, late of said county deceased.

Said estate is supposed to be solvent.  
HOWARD E. BARRETT.  
Attest: Geo. B. Moore, Jr., Clerk Rush Circuit Court.  
Howard E. Barrett, Attorney.  
May 8, 1918.

# Our Line of Defense

It is a moment of tense nerves—ready to slip out of the trench at the word of command—and at the enemy. Our men on the firing line are physically fit for military service because only about one man out of five was chosen to endure the hardships of this fearful war. But we must not be content with 20 per cent. in physical health of our American youth. We cannot afford to lose four men out of five because of physical unfitness. Such weaknesses can be cured. Many times the kidneys are to blame.

If the kidneys are clogged with toxic poisons you suffer from stiffness in the knees in the morning on arising, your joints seem "rusty," you may have rheumatic pains, pain in the back, stiff neck, headaches, sometimes swollen feet, or neuralgic pains—all due to uric acid or toxic poisons stored in the blood and which should be swept out.

Then procure at your nearest drug store Anuric (double strength). The cost is 60 cents. This Anuric drives the uric acid out.

Send Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., 10c for trial package.

GOSHEN, IND.—"I have been using Anuric about four and one-half months, and am cured of rheumatism and constipation, after suffering about eight years. Anuric is the greatest blessing that ever was bestowed upon me. If anyone who is suffering would like to ask me any questions in regard to Anuric, I will gladly answer, or do anything in my power to help suffering humanity." —ARTHUR J. BICKEL, 614 North Main Street.

**NOTICE OF ADMINISTRATION.**  
Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush County, State of Indiana, Administratrix of the estate of William H. McConnell, late of said County, deceased. Said estate is supposed to be solvent.

CAROLINE MCCONNELL.  
Attest: Geo. B. Moore, Jr., Clk. Rush Cir. Court.  
Dated May 16, 1918 Allen Wiles, Atty.  
May 17 - 24 - 31.

Miss Alice Norris was hostess to the members of the D. A. R. yesterday afternoon, at her home in North Harrison street. During the usual business session, the ladies decided to publish D. A. R. program books for distribution among the members which custom was not followed last year, although it had been in past years. The chapter is supporting two French orphans and letters which have been received from them, full of appreciation for the help given them, were read. The next meeting which will be the annual Flag Day meeting, will be held at the home of Mrs. Frank Jones north of Rushville, and a pitch-in dinner will be served.

The members of the Thursday Afternoon Bridge club and one guest Mrs. George Griesser, were delightfully entertained by Miss Helen Scudder, at her home in West Second street, yesterday afternoon. The

next meeting of the club, will be with Mrs. Lee Endres, corner of Perkins and Seventh street.

Announcement has been made of the wedding of Miss Anna Hood of Richmond, daughter of Mrs. Mary A. Hood of Mays, Ind., to William McKeener of Detroit, Mich., which took place last Saturday afternoon at the home of Mr. and Mrs. James P. Ward in Terre Haute. The bride has been prominent in social circles in Richmond. Mr. and Mrs. McKeener will reside at the Hotel Deming while in Terre Haute.

Mrs. Hubert Innis will entertain the members of Tri Kappa Monday night at her home south of the city.

## LICENSE MUST BE SECURED BY JUNE

Farm Implement Makers Required to Furnish Information About Business When Asked

### INFORMATION KEPT SECRET

Applications For Licenses Made With Law Department of U. S. Food Administration

Washington, May 24.—The president, by a proclamation signed May 14, 1918, requires all individuals, partnerships, associations and corporations, except those specifically exempted by the Food Control Act, engaged in the importation, manufacture, storage and distribution of tools, utensils, implements, machinery and certain other farm equipment, to secure Federal licenses not later than June 20, 1918.

The secretary of agriculture is directed to carry out the provisions of the proclamation and the regulations thereunder. Licenses are required to furnish information regarding their businesses whenever it is thought necessary by representatives designated by the secretary, and must permit such representatives to inspect the property and records pertaining to their business.

Information obtained in this manner is not to be disclosed without authority. Unjust profits, resales within the trade without reasonable justification, attempts to monopolize, unreasonable increase of prices or restriction of supplies and wilful waste of farm equipment are prohibited. Also, licensees are forbidden to sell farm equipment to persons known to have violated the Food Control Act.

Application for licenses must be made to the law department, license division, United States Food Administration, Washington, D. C., upon forms prepared for that purpose.

To assist in the enforcement of the regulations, the secretary of agriculture has appointed Junius F. Cook, of New York, as assistant to the secretary. Mr. Cook is to act as the immediate representative of the secretary in the execution of the powers conferred upon the secretary of agriculture by the president's proclamation.

## SOUL CULTURE REVIVAL MEETINGS

The Rev. E. B. Westhafer

Evangelist, of the North Indiana Conference, M. E. Church, will assist his brother, the pastor of Arlington M. E. Church, in ten days' revival services at Arlington, Indiana beginning Thursday, May 23d. Meetings each week day at 8:00 p. m. At usual hours on the Lord's Day. The pastor will use the stereopticon in children's services. Everybody earnestly invited. The time is short. Improve every hour.

The Westhafer Brothers

Mrs. Hattie Moor of Indianapolis spent Sunday with Mr. and Mrs. T. B. Moor.

### Egg Drive in Jackson Yields 292 Dozens

The egg drive which was conducted in Jackson township yesterday by the Red Cross workers resulted most successfully, the canvassers reporting two hundred and ninety-two dozens of eggs. An additional subscription has been added to the War Mothers egg drive when Mrs. Lewis Cline completed her part of the canvass and reported \$26 collected.

Mrs. Leonard Pate of North Sexton street is seriously ill.

During the period of the war, we will not sell an American Midget Roller Mill unless the purpose is to supply the local needs of a community, or our Government, with flour and feed.

### DO YOUR BIT. Help the Government by saving the freight on wheat and flour. Relieve the railroads of this unnecessary congestion by establishing in your community one of these wonderful American Midget Roller Flour Mills.

### And Make Money, Too

\$150 to \$1,000 per month can be made with this permanent, substantial and dignified business.

This wonderful self-contained roller mill is revolutionizing milling. Makes splendid flour at a better yield than the Government requires. One man without previous milling experience can run it successfully. Small cost, small power, easy operation enables it to make a "Better Barrel of Flour" cheaper. You can sack your flour under our nationally advertised brand "Flavo."

Our Service Department inspects your product each month free and quality check of mill from 15 to 100 barrels per day. You can start with the small size if you have \$2,000 to invest. Sold on \$7 days free trial.

Write for our agency and experience of successful owners all over the United States.

+The women of the missionary  
society will observe C. W. R. M.  
night at the Sexton Christian church  
Sunday evening and Mrs. Lida  
Pearce of Irvington will speak. The  
presence of everyone in the com-  
munity is desired.

+United Presbyterian church: Bi-  
blical school, 9:30 a. m.; public wor-  
ship, 10:45; Young Peoples' meeting,  
7 p. m. At 8 o'clock, the congre-  
gation will join in the baccalaureate  
services at the Main Street Christian  
church.

+The services at St. Mary's  
Catholic church will be conducted  
by the pastor, the Rev. M. W. Lyons.  
Morning services at eight and ten  
o'clock with vespers and benedic-  
tion at three o'clock in the after-  
noon.

+Arlington Methodist: Evangelist  
E. B. Westhafer of Muncie, Indiana,  
will preach each day, (Saturday in-  
cluded) for ten days, in revival ser-  
vices, 8:00 p. m. also at 10:30 a. m.  
on Sunday mornings.

+The Rev. G. F. Powers will  
preach as usual at the Fairview  
Christian church, Sunday morning,  
but at night, he will deliver the bac-  
calaureate sermon to the graduating  
class of the Bentonville high school.

+Mrs. Lyda Pierce state secre-  
tary of the C. W. R. M., of Indiana-  
polis will give a talk on Missionary  
work Sunday morning at the Han-  
negan Christian church. Everybody  
is invited.

+The services for the United  
Presbyterian church at Glenwood  
will be Sunday school at 1:30 and  
preaching at 2:15.

There was a school exhibit  
this afternoon at the Washing-  
ton school, in connection with the  
parent-teachers association of the  
school. The doors will be open from  
three o'clock until seven, and at  
eight o'clock, a program will be  
given, the admission for which will  
be five cents.

H. E. Giffin who has been ex-  
tremely ill for some time, at his home  
east of the city, remains about the  
same.

trouble. A tonic-restorative prepared  
without harmful or habit-forming drugs.  
Try them today.

50 cents a box, including war tax

For sale by all Druggists  
Eckman Laboratory, Philadelphia

### You May Find It In Stocking

Cincinnati authority says your  
troublesome corns just  
loosen and fall off

Sore corns, hard corns, soft corns or  
corns between the toes just loosen in  
their sockets and fall off the next day  
if you will apply directly upon the corn  
a few drops of a drug called freezone,  
says a Cincinnati authority.  
You merely put a drop or two of this  
freezone on the tender, touchy corn to-  
day and instantly the corn stops hurting;  
then tomorrow sometime you may find  
the old torturous pest somewhere in  
your stocking, having fallen off entirely  
without a particle of soreness, pain or  
irritation. The skin surrounding and  
beneath the former corn will be as  
healthy, pink and smooth as the palm  
of your hand.  
A quarter ounce of freezone is suf-  
ficient to rid one's feet of every corn and  
callus, and any druggist will charge but  
a few cents for it. It is a compound  
made from ether.

### NOTICE OF SPECIAL MEETING OF COUNTY COUNCIL

To Whom It May Concern:  
You are hereby notified that there will  
be a special meeting of the County  
Council at the Auditor's Office of Rush  
County, on  
the 31st day of May, 1918,  
for the purpose of transacting business  
that touches the interests of the people  
of Rush county.  
Witness my hand this 23d day of May,  
1918. WILLIAM H. McMILLIN,  
May 24th Auditor Rush County.
